NATIONAL SAFETY NEWS

Index to Vol. 90. July-December, 1964

An Author-subject index
Compiled by the Library of the National Safety Council

ACCIDENTS AND ACCIDENT STATISTICS

- Factory frequency rate up "sharply" second quarter of the year (Wire from Washington). Nov., 16.
- How do you define temporary total disabling injury? (Consultation corner). Dec., 74-75.
- How Ohio steel plant reduced hand injuries. Aug., 41.
- 1963 overall accident death rate up 4 per cent (Smith). Sept., 92, 94, 96, 98, 100.
- Stranger than fiction (The safety valve). July, 80.
- U.S. Dept. of Labor released first of a revised series of annual work-injury rates relating to the 1957 Standard Industrial Classification Manual (Wire from Washington). Aug., 87.
- Yes, in 1964, a runaway accident (The safety valve). Sept., 90.
- See also specific subject.

ACIDS

- Copper restrictor stops acid tank overflow (Ideas that worked). Sept., 39.

AERONAUTICS

- Commercial aviation safety record improved for fiscal year ending June 30, 1964 (Wire from Washington). Sept., 76.
- Dynamic testing at Boeing (Lucas). Oct., 28-29, 257-258.
- FFA rules require cockpit voice recorders for large passenger planes beginning in July 1966 (Wire from Washington). Sept., 76.
- Hearings scheduled on proposed rules governing safety of agricultural aircraft operations (Wire from Washington). Nov., 16, 70.
- Number of general aviation airplanes has increased, also miles flown (Wire). Oct., 10, 246.
- S 3119 introduced to require air carriers to procure aviation insurance for benefit of passengers (Wire). Oct., 10.
- Safety and the government, 1964 -- note on proposed new rules for safety of agricultural aircraft operations (Wire). Dec., 85.
- Safety and the government, 1964 -- three year extension of the Federal Airport Construction Program, PL 88-280 (S 1153) (Wire): Dec., 84-85.
- Study of clear air turbulence hazard requested (Wire). Oct., 10.
- Use of arresting devices to stop airliners in emergencies considered (Wire from Washington). July, 102.

AEROSOL DISPENSERS

- Off the job--your responsibility--a note on safety points for aerosol cans (Off the job). Dec., 76.

AIR POLLUTION

Joint government-industry committee formed to aid progress in control of air pollution from motor vehicles (Wire from Washington). Sept., 75-76.

Public Health Service issues revised regulations on grants for air pollution control program (Wire from Washington). Nov., 16.

"What's it all mean?" (Rosenfield). (Government's role in air and water pollution problems). Dec., 86.

Amon, Robert

Shippers and longshoremen work to cut dock accidents. Sept., 27, 112, 114.

Arndt, J. C.

How safety standards benefit equipment manufacturers. Oct., 19, 248.

ASSOCIATIONS

1964 association awards presented. Oct., 245.

What is the trade association's role in safety? Dec., 30-31.

ASSOCIATIONS, specific

American Society for Testing and Materials--ASTM names new national officers (Personals). Oct., 40.

American Society of Safety Engineers--ASSE elects 1964-65 officers (Personals). Nov., 39, 91-92.

Industrial Safety Equipment Association--Elect 1964-65 ISEA officers. Oct., 36.

Fire Marshals Association of North America--Fire marshals association elects new officers (Personals). July, 11, 14.

National Council on Radiation Protection and Measurements--National Council on Radiation Protection and Measurements (formerly called National Committee, etc.,) given federal charter. Sept., 75; Nov., 38; Dec., 87.

National Fire Protection Assn.--Baker elected new NFPA president; list of other officers (Personals). July, 10.

Austin, Robert M.

Insurance costs spur safer crane operation. Dec., 36-37, 77-78.

AWARDS

Ansul receives NSC and MCA awards. July, 140.

B. F. McDonald receives the Golden Plate Award from the American Academy of Achievement (Personals). Oct., 40-41.

Caterpillar is the Employer of the Year (received the award of the President's Committee on employment of the handicapped). July, 91.

Council's general manager reports on federal safety competition (Johnson). Aug., 40, 91-92.

Dialing for safety (Ideas that worked). Dec., 40.

A hero in his home town, trucker given Arthur Godfrey citation (The safety valve). July, 80.

Irvin W. Silberstein receives Certificate of Commendation in the 1964 Metropolitan Life Awards for Research in Accident Prevention (What's new in Research). Dec., 34.

AWARDS (cont.)

Plywood employees get two safety awards. Aug., 84.
Walter A. Cutter receives Williams safety award. July, 73.

AWARDS - NATIONAL SAFETY COUNCIL

Ansul receives NSC and MCA awards. July, 140.
Du Pont wins 20th award of honor. July, 138.
Kansas City is Flame of Life winner. Oct., 8, 260-261.
1964 association awards presented. Oct., 245.
The president's medal. Aug., 80-81.
Revised rules governing the administration of the National Safety Council's President's Medal. Aug., 80.

Belknap, Robert G.

Off the job. July, 141; Sept., 40, 118; Oct., 37, 214; Nov., 32; Dec., 76.

BELTS

Static electricity. Data sheet 547. July, 122.
See also Safety belts; Seat belts.

Benson, Roy

Congress report--Industrial Conferences. Dec., 21-22.

Betz, Gordon M.

Brigades in action. July, 41-44.
Invisible but deadly. Sept., 34-35.

BLASTING CAPS

Static electricity. Data sheet 547. July, 123.

BOOK REVIEWS*

Atomic energy in industry. Leo Meyer. Oct., 20, 220.
Environmental radioactivity. Merrill Eisenbud. Oct., 220-221.
Fire behavior and sprinklers. Norman J. Thompson. Aug., 56.
Fire protection in the chemical industry. Manufacturing Chemists' Assn. Nov., 52-53 (8-page pamphlet)
Handbook of noise measurement. Arnold Peterson, and Ervin F. Gross, Jr. Oct., 20.
Handbook of rigging. 3rd ed. W. E. Rossnagel. Oct., 20.
Industrial ventilation. American Conference of Governmental Industrial Hygienists. Aug., 56, 58.
(*These items are from the Safety Library)

Bristol, Julia

Voluntary to mandatory: a smooth changeover. Oct., 38-39, 262-264.

BUILDINGS

Fire prevention in stores. Data sheet 549. Oct., 44-48, 268-269.
Tall towers safely lowered (Lascoe). Nov., 38, 95-96.

BULLETIN BOARDS

Approaches to OTJ, traffic safety. (Off the job). Oct., 214, 218.

BULLETIN BOARDS (cont.)

"Should you see a Grimf..." (Ideas that worked). Sept., 38.

Carey, Walter F.

A quotation on the roles the businessmen and the government must play in solving (safety) problems in America. Dec., 87-88. (A quote within article by Harry N. Rosenfield).

Cargill, Robert W., see Strimbeck, Donald C. and others.

CARTOONS

Bert. Sept., 86; Nov., 81.

The feet on the workroom floor (Shelly). Sept., 36-37.

CEMENT INDUSTRY

Voluntary to mandatory: a smooth changeover (in the safety program) (Bristol). Oct., 38-39, 262-264.

CHEMICAL INDUSTRY

Ansul receives NSC and MCA awards. July, 140.

Du Pont wins 20th award of honor from NSC. July, 138.

Emergency fan bolsters municipal fire equipment. July, 45.

Guide stresses structural fire-protection features (The safety library). Nov., 52-53.

Sohio Development Center pushes hand protection. Sept., 88.

CHEMICALS

Carbon tetrachloride. Data sheet 331, revised. Dec., 45-46, 48, 50.

Chem-cards cue truck drivers. Nov., 66, 68.

Federal and Drug Administration opposed bill, HR 4731, passed to permit candy manufacturers to use non-nutritive additives (Wire from Washington). Oct., 246.

ICC and Coast Guard make changes in the transportation of explosives and other dangerous articles (Wire from Washington). July, 101-102.

Juvenile chemistry sets exempted from full compliance with the Federal Hazardous Substances Labeling Act (Wire from Washington). July, 102.

S 1605 signed into law as PL 88-305, amending the Federal Insecticide, Fungicide and Rodenticide Act (Wire from Washington). Aug., 87; Dec., 38.

Safety and the government, 1964---Food and Drug Administration postponed requirements for clearance of color additives used in cosmetics (Wire). Dec., 85.

Safety and the government, 1964---Food and Drug Administration requiring review of drugs for human use (Wire from Washington). July, 102; Dec., 85.

Safety and the government, 1964--note on the deferment of the compliance date for food additive safety act (Wire from Washington). Nov., 70; Dec., 85.

CHILD SAFETY

Children's poster contest spurs safety at Mishawaka (Off the job). Oct., 37, 214.

CHILD SAFETY (cont.)

Juvenile chemistry sets exempted from full compliance with the Federal Hazardous Substances Labeling Act (Wire from Washington). July, 102.
Public Health Service warns public anew of hazard of abandoned refrigerators as child traps (Wire from Washington). Dec., 85.
Think safely for children's sake (Ideas that worked). Aug., 35.

CIVILIZATION

Words of hope (The safety valve). Nov., 10.

CLOTHING, see PERSONAL PROTECTIVE EQUIPMENT

Cohen, Alexander

Does noise spoil concentration? (Article cites findings of Dr. Cohen's studies). Aug., 90.

COKE INDUSTRY

Data on injury experience for 1963 released (Wire from Washington). Nov., 16.

Collins, Leroy

A quotation on the roles the businessmen and the government must play in solving (safety) problems in America. Dec., 88. (A quote within article by Harry N. Rosenfield).

COMMUNITY SAFETY

Kansas City is Flame of Life winner. Oct., 8, 260-261.
Wisconsin works through associations (President's Conference). Aug., 93.

CONFERENCES

Coming events. Monthly department.

CONSTRUCTION

Computers schedules, safer operations (Quote from President's Conference). Aug., 93.
Construction's best friend (Hopkins). Oct., 24-27.
Corps of Engineers successful "campaign" in 1964, to reduce falls, emphasized guarding and nets (editorial). Nov., 22.
How to rig perimeter nets (Pedley). Nov., 23-25, 83-84.
NSC construction standards plan to be voted on in November. Oct., 241-242.
A performance-type safety code for Delaware (Gidel). Dec., 29, 79.

CONSULTATION

Consultation corner (Smith). July, 32; Aug., 85; Sept., 74; Oct., 212; Nov., 79; Dec., 74-75.

CONTACT LENSES

OTJ--your responsibility--points on safe use of contact lenses (Off the job). Dec., 76.

CONTESTS

Children's poster contest spurs safety at Mishawaka (off the job). Oct., 37, 214.

CONTESTS (cont.)

Council's general manager reports on federal safety competition (Johnson).
Aug., 40, 91-92.
See also AWARDS

CORKS

OTJ, your responsibility--hazard of popping polyethylene champagne corks
(off the job). Dec., 76.

CORRECTIONS

Chart, Nov., 37; top half of page: second color key box, "gross savings"
should be colored black; and the bar for "net savings" 1963, should
reach to 35 (not to 45).
Data sheet correction for no. 547, "Static Electricity," which appeared in
the July issue. Nov., 88.
Identifications corrected in "News Items" appearing in October issue.
Nov., 51.
Lawrence Carvey named regional VP for Veterans of Safety (not for ASA)
(Personals). Nov., 39.
We slipped (Voice of the reader). Aug., 12.

COSMETICS

Food and Drug Administration cautious on clearance requirements for color
additive mixtures used in cosmetics (Wire). Oct., 246.
Safety and the government, 1964--Food and Drug Administration postponed
requirements for clearance of color additives used in cosmetics
(Wire). Dec., 85.

COSTS OF ACCIDENTS

Corps of Engineers' successful "campaign" to reduce falls (Editorial).
Nov., 23.
Engineering to prevent falling accidents (Thul). Nov., 26-27, 89-90.
Figuring the cost for traffic mishaps in Oklahoma (The safety valve).
Sept., 90.
First aid costs more than DI's (disabling injuries) (President's Confer-
ence). Aug., 30.
How safety standards benefit equipment manufacturers (Arndt). Oct., 19,
248.
How to stem rising accident costs (Gidel). Oct., 22, 250-253.
Soft spot in industrial costs (President's Conference). Aug., 93-94.
Training the real key men (Watts). Nov., 36-37, 93-94.

CRANES

Crane query (The voice of the reader). Nov., 21. (NSC survey covered
crane experience for one year).
Insurance costs spur safer crane operation (Austin). Dec., 36-37, 77-78.
NSC surveys overhead traveling crane accidents. Sept., 28-29.
Securing cranes during repairs (Consultation corner). Aug., 85.
Tall towers safely lowered (Lascoe). Nov., 38, 95-96.

Croneis, Carey

Quotations from his commencement address at the University of Arkansas
(The safety valve). Aug., 42.

DATA SHEETS

Airless spray painting. 548. Aug., 69-70, 72, 74.
Carbon tetrachloride. Revised. 331. Dec., 45-46, 48, 50.
Fire prevention in stores. 549. Oct., 44-48, 268-269.
Gas-shielded arcs and plasma-jet torches. 552. Nov., 40-44, 86, 88.
Static electricity. 547. July, 59-62, 120. (correction, paragraph 21, see Nov., 88).
Unit first-aid kits. Revised. 202. Sept., 78, 80, etc.

DAYS, WEEKS, MONTHS

Annual White Cane Safety Day authorized, PL 88-628 (HJ Res. 753) (Wire).
Oct., 247; Dec., 39.
Job Safety Week held during the week of the President's Conference on
Occupational Safety, 1964 (Wire from Washington). Aug., 87; Dec., 86.
See also FIRE PROTECTION

DeBoer, Walter B.

Emergency smoke ejection for industry. July, 96, 128-130.

DEGREASING

Pump eliminates vapor hazard (Ideas that worked). July, 56.

DISCIPLINE

Punishing the accident "victim" (Leavitt). Dec., 68.

Doran, David J.

I'm for me. Nov., 33, 97.

Drake, George L., Jr. and Reeves, Wilson A.

APO-THPC: new research on fire-resistant cotton. July, 58, 135.

DRIVERS AND DRIVING

ASA offers consultation service to fleet operators. July, 74.
A hero in his home town (The safety valve). July, 80.
Leaflet tells dangers of business driving (The safety library). Nov., 56.
Nowhere to go but down (MacDonald). Sept., 32-33. (Defensive driving
program of the California Div. of Highways).
P.S. system warns driver (Ideas that worked). Aug., 34.
Training makes a "car-wise" woman (MacDonald). Nov., 34-35.

DRUGS

Safety and the government, 1964--Food and Drug Administration requiring
review of drugs for human use (Wire). July, 102; Dec., 85.

DRY CLEANING

OTJ, your responsibility--note on coin-operated machine dry cleaning (Off
the job). Dec., 76.

DUST

Bureau of Mines issues report on three-year silicosis study (Wire from
Washington). Sept., 75; Dec., 38.
Dust explosion fire effectively quelled (Fire tips). July, 30.

EAR PROTECTION

Answers to your noise questions (Glorig). Aug., 28, 96.
Big noise subdued (Strimbeck). Aug., 24-27. (First article appeared News, April, 1963)
Hearing loss study published (Wire from Washington). Aug., 87.
Noise abatement superseding hearing protection at W. E. Plant (Hopkins). Aug., 20-23.

ECLIPSES

Is fear-threat a way to get safety response? (What's new in research). Sept., 26, 115.

ECONOMICS OF SAFETY, see COSTS OF ACCIDENTS

EDUCATION

Accredited home study courses (Consultation corner). July, 32.
Commencement thoughts (The safety valve). Aug., 42.
Revised regulations issued for the Training Program under The Manpower Development and Training Act of 1962 (Wire from Washington). Aug., 87.

ELECTRICAL EQUIPMENT

Dry chemical reduces repeat fires at lumber mill (Fire tips). July, 26-28.
Silicone diode simulates ground (What's new in research). Dec., 34.

ELECTRONICS

Choosing security systems. Sept., 22-25, 102, 104, 106, 108, 110.
Computers schedules, safer operations (Quote from the President's Conference on Occupational Safety). Aug., 93.
Ten commandments of electronics safety. Nov., 71-72.

EMPLOYEES

Approaches to OTJ--hazard profile program at du Pont (Off the job). Oct., 216, 218.
Caterpillar is the Employer of the Year (received the award of the President's Committee on Employment of the Handicapped). July, 91.
Frequency and severity rates for men and women in federal employ (wire from Washington). July, 102.
Got a problem? Give it to the man on the job (Tyson). Sept., 58, 60-61.
Your ally, the editor (The safety valve). Aug., 42.

EMPLOYMENT

Revised regulations issued for the Training Program under The Manpower Development and Training Act of 1962 (Wire from Washington). Aug., 87.

EXHIBITS

Congress report--Congress exposition: a changing scene. Dec., 27-28.
Exposition guide 1964, National Safety Congress. Oct., 49-198.
Lather up for safety (Ideas that worked). Aug., 35.

EYE PROTECTION, see CONTACT LENSES; GOGGLES

FALLS - COAL AND ROCK

Coal mine campaign fails (Wire from Washington). July, 101.

FALLS - PERSONS

Corps of Engineers successful "campaign" in 1964, to reduce falls, emphasized guarding and nets (editorial). Nov., 22.

Engineering to prevent falling accidents (Thul). Nov., 26-27, 89-90.

FEAR, see MOTIVATION

FILMS

Congress report--"Safety in the union hall" cited. Dec., 23.

FIRE PROTECTION

APO-THPC: new research on fire-resistant cotton (Drake and Reeves).

July, 58, 135.

Brigades in action (Betz). July, 41-44.

Emergency smoke ejection for industry (DeBoer). July, 96, 128-130.

Emergency van bolsters municipal fire equipment. July, 45.

Fire prevention in stores. Data sheet 549. Oct., 44-48, 268-269.

Fire Prevention Week proclaimed for week beginning October 4, 1964 (Wire from Washington). Sept., 76.

Fire product data. July, 145-209

Fire protection fundamentals (Petersen). In three parts: July, 39-40; Aug., 37, 78-79; Sept., 30-31, 117.

Fire protection issue. July. (This entire issue stresses fire protection).

Frictional sparking of Mg, Al, and Zn investigated (What's new in research). Oct., 30, 248-249.

Guide stresses structural fire-protection features (The safety library). Nov., 52-53.

Lagoons and swimming pools provide water for plant fire protection (Petersen). July, 76, 78.

NFPA promotes Fire Prevention Week. Aug., 96.

New and revised NFPA standards. July, 124-127; Sept., 66, 68.

Plastics smoke hazards no greater than cellulose (Fire tips). July, 28, 30.

Selected list of publications on fire protection (The safety library). July, 111-115.

Shippers and longshoremen work to cut dock accidents (Amon). Sept., 27, 112, 114.

FIRE PROTECTION - EXTINGUISHERS

Back pack fire extinguisher. 17th in a series (Petersen). Aug., 38-39.

Dry chemical by remote control. July, 50-51.

Dry chemical reduces repeat fires at lumber mill (Fire tips). July, 26-28.

Fire protection fundamentals---part 2 of 3 (Petersen). Aug., 37, 78-79.

Industry slow to adopt fog nozzle (Thompson). July, 52-55.

A look--behind the door, mobile unit teaches fire equipment use. Nov., 82.

New fire-fighting twins: purple-K and light water (Siefert). July, 48,

92-93.

New "reach" for dry chemical unit. July, 82.

UL lists automatic extinguishing systems for restaurants. July, 133.

Which extinguisher will do the job? July, 46-47.

FIRE PROTECTION - SPRINKLERS

- Dust explosion fire effectively quelled (Fire tips). July, 30.
- Fire protection fundamentals---part 2 of 3 (Petersen). Aug., 37, 78-79.
- Higher ratings--less \$ loss (Wahl). Dec., 35, 82-83.
- NFPA publishes automatic sprinkler book (Fire tips). July, 28.

FIRE PROTECTION - STATISTICS

- Fire protection fundamentals--part 1 of 3 (Petersen). July, 39-40.
- Home fire safety (Off the job). July, 141-142.
- NFPA reports on large-loss fires (Fire tips). July, 26.

FIRST AID

- Dial 3237 for safety (Ideas that worked). Sept., 39.
- Unit first-aid kits. Data sheet 202 (revised). Sept., 78, 80, 82-83, 84, 86.

Fish, Carman

- Louisville hosted 1924 congress; veteran safety observer recalls color of Congress 40 years ago. Oct., 32-33, 234.
- The safety valve. July, 80; Aug., 42; Sept., 90; Nov., 10; Dec., 70.

FLAMMABLE LIQUIDS

- Fire protection fundamentals. Part III (conclusion) (Petersen). Sept., 30-31, 117.
- New fire-fighting twins: purple-K and light water (Sievrt). July, 48, 92-93.
- Static electricity. Data sheet 547. July, 62, 121.
- See also HYDRAULIC FLUIDS

FLOORS

- Engineering to prevent falling accidents (Thul). Nov., 26-27.
- Static electricity. Data sheet 547. July, 61 (correction, paragraph no. 21, see Nov., 88)

FOOD INDUSTRY

- Borden's intra-company safety conferences. Oct., 253.
- Congress passed bill to extend compliance date of 1958 additives safety act, if it involves no undue risk to public health (Wire from Washington). Nov., 70.
- Food and Drug Administration opposed bill HR 4731, passed to permit candy manufacturers to use non-nutritive additives (Wire). Oct., 246.
- Safety and the government, 1964--note on the deferment of the compliance date for food additive safety (Wire). Dec., 85.

FOREIGN COUNTRIES

- Argentina--From alpargatas to safety shoes (Woizinski). Oct., 203-204, 206, 206.
- Canada--Copper restrictor stops acid tank overflow (Ideas that worked). Sept., 39.
- Price re-elected Fire Society president. July, 11.
- "Should you see a Grimf..." (Ideas that worked). Sept., 38.

FOREIGN COUNTRIES (cont.)

Great Britain--British push protective equipment research (President's Conference). Aug., 93.

--In the eyes of the beholder (posters) (The safety valve).

Dec., 70.

Germany and Russia--Totalitarian safety (The safety valve). Nov., 10.

GAS INDUSTRY - FIRE PROTECTION

Dry chemical by remote control. July, 50-51.

GASES AND FUMES

Fire safety for industrial trucks using LPG. Dec., 44, 80-81.

Gas-shielded arcs and plasma-jet torches. Data sheet 552. Nov., 40-44, 86, 88.

Home fire safety (carbon monoxide deaths) (Off the job). July, 141.

OTJ, your responsibility---paragraph on coin-operated machine dry cleaning (Off the job). Dec., 76.

Plastics smoke hazards no greater than cellulose (fire tips). July, 28, 30.

Transportation of acetylene cylinders (Consultation corner). Aug., 85.

Gidel, Robert D.

How to stem rising accident costs. Oct., 22, 250-253.

A performance-type safety code for Delaware (construction operations).

Dec., 29, 79.

Glorig, Aram

Answers to your noise questions. Aug., 28, 96.

Noise around the world. Aug., 19, 97-98.

GOGGLES

British push protective equipment research (President's Conference). Aug., 93.

Clip-on lenses: how safe? (Consultation corner). Nov., 79.

Dynamic testing at Boeing (Lucas). Oct., 28-29, 257-258.

Improvised eyewear protected miners in 1890's. Oct., 208.

Research surveys plano and prescription safety lens (What's new in research). July, 131-132.

Researcher urges stiffer eyewear standards (Silberstein). Oct., 29.

Stronger glass for safety eyewear. Sept., 56.

Gould, W. W.

Selecting emergency lighting equipment. July, 84, 86-91.

GRADE CROSSINGS

Safety and the government, 1964--note on ICC proposal for more rigorous regulations, and a report of 17 recommendations (Wire). Dec., 84.

GRAIN MILLS

Dust explosion fire effectively quelled (Fire tips). July, 30.

GRINDING INDUSTRY

How safety standards benefit equipment manufacturers (Arndt). Oct., 19, 248.

GUARDS

Guards illustrated. Sept., 18-21.

HANDS AND ARMS

How Ohio steel plant reduced hand injuries. Aug., 41.

Irreplaceable (Ideas that worked). Dec., 41.

Sohio Development Center pushes hand protection. Sept., 88.

HEALTH HAZARDS

Bureau of Mines issues report on three-year silicosis study (Wire from Washington). Sept., 75; Dec., 38.

How can athlete's foot be controlled? (Consultation corner). Oct., 212.

How do low back defects determine type of work? (The safety library). Dec., 71.

No relationship? (Job types vs. incidence of coronaries) (Voice of the reader). Aug., 12, 15.

See also CHEMICALS; GASES AND FUMES; NOISE

HOLIDAYS

Christmas hazards (Off the job). Nov., 32.

Labor campaigns for safe 1964 Labor Day. July, 139.

HOME SAFETY

Home fire safety (Off the job). July, 141-142.

Juvenile chemistry sets exempted from full compliance with the Federal Hazardous Substances Labeling Act (Wire from Washington). July, 102.

Hopkins, Stuart K.

Construction's best friend. Oct., 24-27.

Noise abatement superseding hearing protection at W. E. Plant. Aug., 20-23.

HYDRAULIC FLUIDS

Bureau of Mines promotes safer hydraulic fluids (Lynam). July, 94-95.

IDEAS

Ideas that worked (Kelly). July, 56-57; Aug., 34-35; Sept., 38-39; Oct., 42-43; Nov., 62-63; Dec., 40-41.

INSECTS

Are bees attracted to yellow hard hats? (Consultation corner). Oct., 212.

INSURANCE

Construction's best friend (Hopkins). Oct., 24-27.

Insurance costs spur safer crane operation (Austin). Dec., 36-37, 77-78.

JOB ANALYSIS

Congress report--job safety analysis. Dec., 25.

J.S.A. (job safety assignment) reminds all to work safely (Ideas that worked). Dec., 41.

Johnson, William G.

Council's general manager reports on federal safety competition. Aug., 40, 91-92.

Joseph, James

Big bang in metalworking. Aug., 31-33, 83-84.

Kelly, Arthur S.

Ideas that worked. July, 56-57; Aug., 34-35; Sept., 38-39; Oct., 42-43;
Nov., 62-63; Dec., 40-41.

LABOR UNIONS

Congress report--Industrial and Labor Conferences. Dec., 23.

Shippers and longshoremen work to cut dock accidents (Amon). Sept., 27,
112, 114.

LADDERS

Engineering to prevent falling accidents (Thul). Nov., 27, 89.

Second step from top--no higher (Ideas that worked). Nov., 63.

Lascoe, Raymond

Tall towers safely lowered. Nov., 38, 95-96.

Learned, Stanley

Some quotations from his remarks at the President's Conference on Occupational Safety (Wire from Washington). Aug., 88.

Leavitt, J. Dwight

Punishing the accident "victim." Dec., 68.

LETTERS (to the editors)

Voice of the reader. Aug., 12, 15, 86; Nov., 21, 66.

LIGHTING

Disposing of burned-out fluorescent lights (Consultation corner). July,
32.

Selecting emergency lighting equipment (Gould). July, 84, 86-91.

LIQUEFIED PETROLEUM GAS

Fire safety for industrial trucks using LPG. Dec., 44, 80-81.

Lucas, Edward R.

Dynamic testing at Boeing. Oct., 28-29, 257-258.

LUMBER INDUSTRY

Dry chemical reduces repeat fires at lumber mill (Fire tips). July, 26-28.

Lynam, James E.

Bureau of Mines promotes safer hydraulic fluids. July, 94-95.

MacDonald, Kenneth R.

Nowhere to go but down. Sept., 32-33.

Training makes a "car-wise" woman. Nov., 34-35.

MANAGEMENT

Congress report--what are management's soundest tools? Dec., 24-25.

MANUFACTURERS

How safety standards benefit equipment manufacturers (Arndt). Oct., 19, 248.

MANUFACTURING

Noise abatement superseding hearing protection at W. E. Plant (Hopkins). Aug., 20-23.

Work-injury frequency rate for the first quarter of 1964 up (Wire from Washington). Aug., 87.

MARINE INDUSTRY

Bill for the marking of obstructions in navigable waters (Wire from Washington). Sept., 76.

Coast Guard announces revised Rules of the Road, effective September 1, 1965 (Wire). Oct., 10.

Frictional sparking of Mg, Al, and Zn investigated (What new in research). Oct., 30, 248-249.

Shippers and longshoremen work to cut dock accidents (Amon). Sept., 27, 112, 114.

METAL PRODUCTS INDUSTRY

Big bang in metalworking (Joseph). Aug., 31-33, 83-84.

Filing work in a lathe (Consultation corner). Sept., 74.

Spindle guard saves hands (Ideas that worked). Oct., 43.

METALS

AEC proposed amending regulations on the possession and use of promethium 147 (Wire from Washington). July, 101.

Frictional sparking of Mg, Al, and Zn investigated (What's new in research). Oct., 30, 248-249.

Meyer, Robert L.

How to "sell" safety shoes. Oct., 34-35, 209-211.

MINES

Coal mine campaign (falls of roof, face and rib) failed to make headway (Wire from Washington). July, 101.

HR 9000 rejected by the House, to extend the mandatory safety and inspection requirements of the Federal Coal Mine Safety Act, to coal mines employing 14 persons or less (Wire). Oct., 10; Dec., 38.

Improvised eyewear protected miners in 1800's. Oct., 208.

Injuries and deaths for the first three months of 1964 for all U.S. coal mines (Wire from Washington). Sept., 75.

Silicosis still health hazard to metal miners, according to Public Health Service's three-year study (Wire). Dec., 38.

MOTIVATION

Congress report--seeking ways to motivate. Dec., 26-27.

Impact of "impact" (Voice of the reader). Nov., 21.

Is fear/threat a way to get safety response? (What's new in research). Sept., 26, 115.

MOTOR VEHICLES

Passenger carrying vehicles purchased by federal government must meet safety standards, have safety devices, PL 88-515 (HR 1341) (Wire). Oct., 247; Dec., 38-39.

MOTOR VEHICLES (cont.)

"What's it all mean?" (Rosenfield) (An example of the government's role in urging safer vehicle design, and safety devices). Dec., 39, 86.

MOTOR VEHICLES - STATISTICS

ASA offers consultation service to fleet operators. July, 74.
Figuring the cost for traffic mishaps in Oklahoma (The safety valve). Sept., 90.
From a hospital bed (The safety valve). Sept., 90.
June turnpike deaths up (Off the job). Sept., 40.
Motor vehicle deaths continue to climb (Off the job). July, 141.
Nowhere to go but down (MacDonald). Sept., 32-33.
People are still a problem (The safety valve). Dec., 70.

NATIONAL SAFETY COUNCIL

John D. Lawlor new NSC executive VP. Sept., 8.
Key contacts. July, 14, 134.
NSC Aerospace Committee meets at Cape Kennedy. Aug., 89.
NSC elects two new trustees (Personals). Oct., 41.
NSC surveys overhead traveling crane accidents. Sept., 28-29.
The Research Department of the NSC, offers industrial research consulting service. Oct., 30.
What is the trade association's role in safety? Dec., 30-31.

NATIONAL SAFETY COUNCIL - CONGRESS - 1924

Louisville hosted 1924 congress; veteran safety observer recalls color of congress 40 years ago (Fish). Oct., 32-33, 234.

NATIONAL SAFETY COUNCIL - CONGRESS - 1964

Congress program (Off the job). Sept., 40.
Congress report, part I. Dec., 21-28.
Congress session schedule. July, 49.
Conrad Hilton Hotel, headquarters for the National Safety Congress. Oct., cover and 2.
Exhibitors, 1964, Conrad Hilton Hotel. Oct., 66-158.
Exposition floor plans for the National Safety Congress and Exposition. Oct., 58-60, 62.
Exposition guide, 1964, National Safety Congress. Oct., 49-198.
Full record of the Congress available in the 28 volumes of the Congress Transactions. Dec., 28.
On display at the 1964 congress, a cross section of the safety equipment and services in the exhibit halls. Oct., 159-196.
Product directory for locating booths at the exhibits. Oct., 63-64.
Something extra from exhibitors. Oct., 52-53.
What they'll be saying, gleanings from papers to be presented at the 52nd National Safety Congress. Oct., 56, 158.
Women's tea set for Wednesday afternoon. Oct., 242.

NATIONAL SAFETY COUNCIL - COURSES - see TRAINING - NSC

NATIONAL SAFETY COUNCIL - INDUSTRIAL CONFERENCE

Congress report--Industrial and Labor Conferences. Dec., 21-22.

NSC - INDUSTRIAL CONFERENCE (cont.)

Industrial conference leaders - 1965. Dec., 42, 95.

Organization chart of Industrial Conference of the National Safety Council 1964-1965. Dec., 43.

Research projects progress report within the Industrial Conference, NSC (What's new in research). Dec., 34, 94.

NATIONAL SAFETY COUNCIL - LABOR CONFERENCE

Congress report--Industrial and Labor Conferences. Dec., 22-23.

NATIONAL SAFETY COUNCIL - PUBLICATIONS

Guards illustrated. Sept., 18-21.

Keeping posted. Monthly department.

Program Manual for Associations available from National Safety Council. Dec., 31.

Statement of ownership, management and circulation of the National Safety News. Dec., 97.

NETS

How to rig perimeter nets (Pedley). Nov., 23-25, 83-84.

NOISE

Answers to your noise questions (Glorig). Aug., 28, 96.

Big noise subdued (Strimbeck). Aug., 24-27. (The first article appeared in April, 1963, of the News).

Congress report: they sounded off about noise. Dec., 25-26.

Does noise spoil concentration? (Article cites findings of Dr. Cohen's studies) (Cohen). Aug., 90.

Glossary of noise terms. Aug., 8.

Noise abatement superseding hearing protection at W. E. Plant (Hopkins). Aug., 20-23.

Noise around the world (Glorig). Aug., 19, 97-98.

The noisy knife. Aug., 29.

NURSES

Doctor cites industrial nurse role. Oct., 211.

OBITUARIES, see PERSONALS AND OBITUARIES

OFF THE JOB

Congress report--Industrial and Labor Conferences. Dec., 22, 23.

Dialing for safety (Ideas that worked). Dec., 40.

Follow them home (The safety valve). Dec., 70.

Off the job (Belknap). July, 141; Sept., 40, 118; Oct., 37, 214; Nov., 32; Dec., 76.

Three approaches to OTJ (Off the job). Oct., 214, 216, 218.

Wives get into safety act (Ideas that worked). Oct., 43.

see also HOLIDAYS; HOME SAFETY

ORGANIZATION (SAFETY PROGRAMS)

Council's general manager reports on federal safety competition (Johnson). Aug., 91-92.

ORGANIZATION (SAFETY PROGRAMS) (cont.)

Training the real key men (Watts). Nov., 36-37, 93-94.

Voluntary to mandatory: a smooth changeover (Bristol). Oct., 38-39, 262-264.

Your alley, the editor (The safety valve). Aug., 42.

PAINT

Airless spray painting. Data sheet 548. Aug., 69-70, 72, 74.

PAPER INDUSTRY

The noisy knife. Aug., 29.

Pedley, Eric L.

How to rig perimeter nets. Nov., 23-25, 83-84.

PERSONAL PROTECTIVE EQUIPMENT

APO-THPC: new research on fire-resistant cotton (Drake and Reeves).

July, 58, 135.

Are bees attracted to yellow hard hats? (Consultation corner). Oct., 212.

Dynamic testing at Boeing (Lucas). Oct., 28-29, 257-258.

The feet on the workroom floor (Shelly). Sept., 36-37.

From alpargatas to safety shoes (Woizinski). Oct., 203-204, 206, 208.

How to "sell" safety shoes (Meyer). Oct., 34-35, 209-211.

Rubber boots with steel toe? (Consultation corner). Nov., 79-80.

Sohio Development Center pushes hand protection. Sept., 88.

See also EAR PROTECTION; GOGGLES

*PERSONALS AND OBITUARIES

Personals. July, 10-11, 14; Aug., 36, 82; Oct., 40-41, 265; Nov., 39, 91-92.

Bailey, Lincoln C.--Elected Fire Equipment Manufacturers Association president. July, 10.

Baker, Warren J.--New National Fire Protection Association president. July, 10.

Bess, Norman E.--ASAE names new VP. Aug., 82.

Biancardi, M. F.--Portrait of the Chairman of the Sections, Industrial Conference, 1965, NSC. Dec., 42.

Carvey, Lawrence--Named regional VP for Veterans of Safety (not for ASA). Nov., 39.

Cutter, Walter A.--Cutter receives William safety award. July, 73.

Davison, E. K.--Industrial Hygiene Foundation elects new chairman for their board of trustees (Personals). July, 11.

Duncan, D. C.--Kitchen succeeds Duncan as safety director at Appalachian Power Co. Aug., 36.

Dutton, Leslie A.--Elected president of the Fire Marshals Association (Personals). July, 11, 13.

Eiermann, Harry J., Jr.--Succeeds Granniss as department manager of loss prevention and engineering, Royal-Globe Insurance Cos. Oct., 41.

Farley, William J.--William J. Farley died July 11, 1964 (Obituary). Sept., 119.

Frost, F. Crampton--ASA appoints Frost assistant technical director. Aug., 36.

Gorbell, G. L.--Portrait of General chairman of the Industrial Conference, 1965, NSC. Dec., 42.

Granniss, Edward R.--Retired from position as manager of loss prevention and engineering department, Royal-Globe Insurance Cos. Oct., 41.

Haake, Brian K.--Succeeds Holtkamp in position at Continental Insurance Cos. Oct., 41.
Harris, Walter D.--Named U. S. Rubber industrial toxicologist. Aug., 36.
Holtkamp, John P.--Holtkamp retires, Haake assumes position for Continental Insurance Cos. Oct., 41.
Horowitz, Leon D.--Certain-teeed products names new safety supervisor. Aug., 82.
Johnson, Lyndon B., President of the U. S. --LBJ keynotes President's Conference on Occupational Safety. Aug., 30, 93-94.
Kitchen, W. S.--Kitchen succeeds Duncan as safety director at Appalachian Power Co. Aug., 36.
Laderer, Frank E.--ASSE elects 1964-65 officers. Nov., 39, 91-92.
Love, C. Robert--Appointed to Aerospace advisory board of University of California. Oct., 40.
McDonald, B. F.--Receives Golden Plate award. Oct., 40-41.
McFarland, H. S.--Portrait of Chairman of committees of the Industrial Conference, 1965. Dec., 42.
Mammarelli, Andrew A., Jr.--Named industrial hygiene engineer for Jones & Laughton Steel Corp. Nov., 92.
Miller, Donald K.--Nugent retires, Miller appointed successor. Aug., 36, 82.
Myers, J. Howard--Myers of Atlantic Refining retires. Nov., 39.
Nelson, Bert N.--Fire Apparatus Manufacturers name new president. Nov., 92.
Nugent, Michael A.--Nugent retires, Miller appointed successor at Southern Pacific Company. Aug., 36, 82.
Phillippe, E. H.--Virginia Chemicals names safety engineer. Oct., 40.
Pryce, John N.--Re-elected fire society president. July, 11.
Queener, J. S.--Portrait of Vice president for Industry, NSC. Dec., 42.
Savercool, John V.--Savercool named to newly-created safety post at Allied Chemical Corp. Aug., 36.
Silberstein, Irvin W.--Receives Certificate of Commendation in the 1964 Metropolitan Life Awards for Research (What's new in research). Dec., 34.
Utnage, William L.--Named Glidden safety director. Oct., 265.
Whitehouse, Victor E.--Congress report--portrait of Mr. Whitehouse at the labor safety education booth. Dec., 23.
Williams, Harvey B.--Retires from American Oil. Nov., 39.
*(Most of these items come from the department "Personals").

PESTICIDES

Hearings scheduled on proposed rules governing safety of agricultural aircraft operations (Wire from Washington). Nov., 16, 70.
S 1605 signed into law as PL 88-305, amending the Federal Insecticide, Fungicide and Rodenticide Act (Wire from Washington). Aug., 87; Dec., 38.

Petersen, Marshall E.

Back pack fire extinguisher. 17th in a series. Aug., 38-39.
Fire protection fundamentals. In three parts: July, 39-40; Aug., 37, 78-79; Sept., 30-31, 117.
Lagoons and swimming pools provide water for plant fire protection. July, 76, 78.

PETROLEUM INDUSTRY

USEM released data on the 1963 disabling injury experience for oil, and natural gas industries (Wire from Washington). Nov., 16.

Planek, Thomas W.

What's new in research. July, 131-133; Sept., 26, 115-117; Oct., 30, 248-249; Dec., 34, 94.

PLASTICS

Plastics smoke hazards no greater than cellulose (Fire tips). July, 28, 30.

SPI revises and updates fire protection bulletins (The safety library). Nov., 53, 56.

POSTERS

In the eye of the beholder (The safety valve). Dec., 70.

Keeping posted. Monthly department.

Think safely for children's sake (Ideas that worked). Aug., 35.

PRESSURE VESSELS

Invisible but deadly (Betz). Sept., 34-35.

PRINTING INDUSTRY

Got a problem? Give it to the man on the job (Tyson). Sept., 58, 60-61.

PSYCHOLOGY

British journal traces "accident proneness" concept (What's new in research). Sept., 26, 115.

Research develops axioms of safety (What's new in research). July, 131-132.

1870

My dear Sir,

I have the honor to acknowledge the receipt of your letter of the 10th inst. in relation to the matter of the

London and Lancashire Insurance Co. Ltd. and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.

I am, Sir, very respectfully,
Yours,
J. H. [Signature]
